

## STUDENTS AND FAMILIES THAT ARE SELF-ISOLATING

- Where a student or family is self-isolating due to the Coronavirus, the school has set up a dedicated area which is accessible through the school website by using the 'remote access' facility.
- The instructions for students to access these materials can be found here:  
<https://stmargaretward.co.uk/wp-content/uploads/2020/03/Remote-Access-Instructions.pdf>
- Once students have logged in, they should go to a folder on the 'shared docs' drive.
- The first folder in this area is called: '01 HOME STUDY FOLDER'
- Please click on the appropriate Year Group and then you will find a folder listed by subject.
- Students can also access information and learning through: <https://www.senecalearning.com/>
- Students can also access materials from the BBC Bitesize website, which again has learning materials more aimed at Years 7 and 8 students, in addition to those listed above.
