Careers this qualification can lead to:

Business Owner, Banking and Finance, International Management

You will learn a large range of transferable skills that will match a large range of university courses and career paths

Summary of Subject

With a focus on helping you to become a good decision maker, you'll learn essential managerial skills, alongside techniques to help you become an analytical problem solver. These skills are all highly sought after and valued in a wide range of careers.

If you'd like to study business, finance or management at university, A-level Business provides an excellent foundation. The skills you learn are transferable across a broad range of subjects and careers.

Whatever you choose to do in the future, you'll find that the things you learn in this course will help. For example, you'll probably work with lots of different people, so knowledge of motivational theory will help you to work well with others and help them achieve their potential. You might have ambitious plans to start your own business. If that's the case, you'll find the marketing and finance topics particularly useful.
